

Thermal Transfer Ribbons Print on flexible packaging.

Graphic Controls Thermal Transfer Ribbons provide the ideal coding solution for your flexible packaging applications. Our extensive product line offers excellent print quality and durability on a broad range of flexible packaging substrates in extreme operating conditions. Our ribbons deliver reliable, high-speed performance in a wide range of colors and sizes.

Thermal Transfer Ribbons Applications

Frozen

Dairy

Coffee

Snack

Produce

Pharmaceutical

Medical

Features & Benefits

Available in the following colors

Our Thermal Transfer Ribbons offer:

- Bolder, blacker imprints for date, price, lot and bar codes.
- Prints at Coder's standard darkness setting so no adjustments are needed.
- Long ribbon lengths and fast print speeds up to 600 mm/sec (24ips) for maximum efficiency.
- Anti-static design reduces static discharge so packing lines can run faster.
- Technical support available to optimize your printing results.

Compliance

- FDA 21 CFR 175 for indirect food contact
- REACH-SVHC Free
- RoHS/WEEE

- TSCA
- CON EG
- California Proposition 65
- ISEGA Approval Pending
