

Partner with Graphic Controls For all your Well Log Needs

Graphic Controls provides several products and services for printing, scanning, managing and digitizing well information. Our unique positioning allows us to partner with leading producers and service companies to develop a plan that fits your unique operational needs combined with noticeable cost savings.

CONSUMABLES

Continuous Paper and Inkjet Cartridges for most well logging printers.

- Meets or Exceeds OEM specifications
- Strategic warehouse locations for same day shipments
- Backed by Satisfaction Guarantee
- OEM Cartridges for HP, Cannon and Well Green Tech

SCANNERS

Graphic Controls provides a full line of continuous log scanners. These can be used to collect information at your local log library or to back up your physical log records. We offer two styles of scanners.

- USB Handheld Wand
- Desktop Units

DIGITIZING

Leave your digitizing needs to the company you can trust. From job prep to final QA, Graphic Controls recognizes that accuracy is the single most important aspect of a digitizing service.

- Next-Day Turnaround
- Secure drop box with password protection
- Unlimited job size
